You Can Help Prevent Forest Fires

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning—brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may

be subject to court prosecution with fines running as high as ($200) two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc. cut on your property. Eliminate the hazard of burning yourself. It will be easier for you—personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden—the law requires it.

2. Be sure to properly supervise your burning. Don't leave it.

3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty. Use your town dump.

Number of local fires—4

Number of acres burned—1½

Number of permits issued—174

ANNUAL FIRE REPORT—1958

The Lee Fire Dept. answered fourteen calls in 1958. There were four brush fires with 1½ acres burned over and the other calls were for chimney fires, cars and miscellaneous things.

Several of the members again kept the dump burned through the summer months, gaining training experience with equipment and keeping the dump clean.

A new motor was installed in No. 1 truck this year, a small portable pump was given to the Dept. by the Firemen's Auxiliary to complete the 275 gallon tank unit and a smoke ejector was donated by one of our best citizens.

With the continued cooperation of townspeople and residents we hope to maintain a minimum fire loss.

Regular meetings are held the second Thursday of every month and dues are $2.00 a year. Anyone interested is welcome to join.

Officers for 1959 are as follows:

Chief:	Lloyd Stevens	OLdfield 9-3827
Captains:	Gilman Menter	OLdfield 9-3859
	Oliver Kennard	OLdfield 9-3465
Sec.-Treas.:	Edwin Bardwell	OLdfield 9-3821
Directors:	Arthur Pratte	OLdfield 9-3882
	Ralph Granger	OLdfield 9-3498
	Staton Curtis	OLdfield 9-3418

Chairman of the Board of Selectmen is automatically a director.

The Fire Department number is OLdfield 9-3477 and it is requested this be used for emergency only. For burning permits and other information please call OLdfield 9-3827.

Respectively submitted,

LLOYD F. STEVENS,

Chief.

REPORT OF BUILDING INSPECTOR—1958

During the calendar year of 1958 twenty-eight (28) building permits were issued, making a total of 70 since the Buildings Regulations Ordinance was passed March 13, 1956.

The permits issued during 1958 included:

9 New dwellings
10 Remodeling of dwellings
3 Poultry buildings
1 Ice cream stand
1 Camp
1 Milk room

1 Cellar for trailer
2 Storage buildings

The ordinance specifies that permits shall be secured before any construction is started. Many fail to do so.

The inspection of outstanding permits is progressing. It would help the building inspector if holders of permits would notify him when the building is ready for inspection.

Experience indicates that there is need for revising some parts of the ordinance.

Respectfully submitted,
RALPH H. GRANGER,
Building Inspector.

REPORT OF PLANNING BOARD

In June 1958 the Lee Planning Board met with the State Assistant Planning Director who pointed out the various duties of a Planning Board and discussed ways of carrying out these duties.

Since that time the Planning Board has met nine times and discussed some of the town problems.

The problems discussed were:

1. Enlargement of the Center Cemetery, way in which the addition should be laid out, and the price that a plot would have to cost to permit perpetual care.
2. The location of the town boundary markers and the suggested replacement of those that are very hard to locate.
3. The location and development of a community park on the site of the town wood lot as proposed by the Laymen's League of the Community Church.
4. Revision of the present town building codes and building permits.

It was decided to appoint a Board of Appeals in case of any controversy that might arise over the enforce-

ment of the building codes. This board is composed of the following members:

Mr. Charles Brady, Chairman
Mr. Lawrence Hill
Mr. Roger Gibb
Mr. Charles Piper
Mr. Thomas Brown

The Planning Board itself consists of the following: Mr. Thomas Brown, chairman; Mr. Samuel Taylor, Mr. George Hill, Mr. Robert Keniston, and Mrs. David Clark.

SHIRLEY CLARK,
Secretary.

AMENDMENTS TO BUILDING REGULATION ORDINANCE EFFECTIVE MARCH 13, 1956

Strike out all of paragraph 3 of said ordinance and insert in place thereof the following:

"3. No application for a permit required by this ordinance shall receive action by the Building Inspector unless made in writing. All applications for a permit to build, construct, alter or remodel any building shall be accompanied by a sketch or plan of the proposed building or alterations, and a statement of its intended use when built, constructed, altered or remodeled. A fee of .50 per $1,000 based on a fair estimate of the total cost of construction or alteration shall be paid, but in no case shall the fee be less than $2.00. A building permit shall become void unless operations are commenced within six (6) months from date of approval, unless such time is extended by the building official. The building, construction, alterations or remodeling authorized by the building permit shall be completed within one year from the date of

issuance of the building permit unless the time for completion is extended by the Building Inspector. The Building Inspector may, in his discretion, upon application in writing, grant one or more extensions of the period during which the construction may be completed, such periods not to exceed six (6) months each. The Building Inspector shall be immediately notified when construction is completed."

Amend section 5 a. of said ordinance by striking out the words "walls and partitions" in the 4th line and inserting in place thereof the words "walls, partitions and ceilings" so that said subparagraph shall read as follows:

"5 a. *Commercial building.* No building intended or designed to be used for industrial, commercial, or other public use shall be erected, altered, or used for any purpose which does not provide non-combustible walls, partitions and ceilings between its component parts."

Amend section 5 f. of said ordinance by adding the words "or fireplace hearth" after the word "chimney" in the 7th line so that said subparagraph shall read as follows:

"5 f. *Chimney construction.* No chimney shall be built, erected, or altered below the roof unless containing a tile lining and with an iron cleanout door at or near its base, and shall extend at least three feet above the roof. No chimney shall be built, erected or altered below the roof having wood or other combustible materials within one inch of the chimney and no chimney or fireplace hearth shall have its base resting upon any floor or beam of combustible material."
